

Research Project Assignment #1

Task

Organize a research group and topic. Develop a title for your research project. Submit a project title, names of the research team and a short summary of the data you envision using for your project.

Guidelines

Use the following format:

Title: An exciting title that conveys the concept of your project.

Authors: A list of the students working together to complete the project.

Data: In just a sentence or two, describe the data you envision using in your project and how you will obtain these data.

If you are willing to accept additional team members on your project, please let me know that. If you are not part of a team, but would like to be, please let me know that as well and I'll try to hook you up.
